BAD BOY

MOWERS

MOW WITH AN *Attitude*

Born and bred in the heart of the Ozark Mountains in Batesville, Arkansas, Bad Boy Mower's reputation is built on delivering a better zero-turn mower for a better value. We've built reliability, power and durability into every mower made from the very beginning.

Our mowers are known for being easy to operate, easy to maintain and engineered to last across generations. For more than 20 years, we've shaped and redefined the zero-turn mower market for both mowing pros and homeowners, and we're really just getting started.

PROFESSIONAL SERIES

Every Bad Boy Mower, from the very beginning, has been built from heavy gauge, all-American steel, fabricated and welded to last a lifetime. While our strength has become legendary to professionals and demanding homeowners alike, we've also led the industry with innovation after innovation, patent after patent, and up and down our mower line you'll find the perfect combination of standard features and engine options—all for an incredible price-for-performance value.

WE'RE THE STEEL DEAL

Featuring a slope nose 3 gauge 1/4" fabricated deck with 1/2" leading edge and 3/8" side reinforcements, our decks withstand years of grueling day-in and day-out mowing. They're the heaviest-built decks of any commercial mower in the industry.

COMFORT IS KING

Most Outlaw R-Series and commercial Bad Boy Mowers feature our patented EZ-Ride™ front and rear suspension system, and all offer the most comfortable, operator-adjustable seat for the smoothest, most comfortable ride around.

NOBODY BUILDS IN MORE ALL-AROUND INNOVATION, TOUGHNESS AND PERFORMANCE

RESIDENTIAL SERIES

Cut from the same steel, welded by the same robots and craftsmen, and assembled side-by-side down our assembly lines, our residential mowers share the same build-quality DNA as our commercial-grade mowers. We don't stamp flimsy sheets of steel or cut corners that ultimately determine mower durability and performance. We've even taken the lead in raising the comfort quality by adapting our patented EZ-Ride™ system to several models and offering premium custom seats.

DECK-DIAL™ LIFT SYSTEM

All of our zero-turn mowers feature our unique Deck-Dial™ system. Simply push down on the deck pedal—adjustable and movable to your right or left—and dial in the perfect mowing height every time.

STEP UP TO A STRONGER DECK

Our legendary heavy-gauge, all-steel, formed and welded decks are the toughest in the industry. Featuring Heavy-Duty Cast Maintenance-Free Spindles and reinforced welded steel plates along the edges, our decks are built to last a lifetime.

BAD BOY

ESERIES

POWERED BY ATTITUDE

Our line of electric products pack a powerful 80-Volt punch, from mowers to blowers, trimmers to chainsaws

POWERED TO PERFORM

Power that pulls you through the toughest tasks. Smart battery technology delivers just the right power for long-lasting use.

EXPAND YOUR POWER

A series of attachments that fit our string trimmer, you can get even more work from the power of the Bad Boy E-Series.

PRO-PERFORMANCE 80V POWER

One battery, packed with more power, powering more attitude. Our line-up of 80 volt battery-powered hand tools are the perfect compliment to the power, performance and attitude of our zero-turn mowers. Each tool features advanced brushless motor technology, delivering major torque, power and life—with virtually no maintenance required. Our universal battery system works across all of our high-efficiency tools with innovative smart technology.
